

BRUCE A. KRAUS
Councilman, City of Pittsburgh - District 3
Chair, Public Safety Services

Residents who wish to communicate issues regarding students may make contact with the representatives listed below. The representatives can be most helpful when the caller supplies the name and address of offending students. If there is an incident where police are called, a copy of the police report is a useful tool for disciplining students.

University of Pittsburgh

James Williams, Assistant Director for City-County Relations
Government Relations Department
