## GENERAL INSTRUCTIONS

### SECTION A - COMPUTATION OF TAX LIABILITY

Lines 1A-E Fill in Gross Revenue amounts per business type. Example: \$500.00 for Services in 1A and \$1,600.00 for Commissions in 1B. If reporting revenue in 1E, explain the Other source of revenue in the space provided on page 1.

Lines 2A-E Fill in Exemptions and Exclusions per business type. Example: \$50.00 for Services in 2A and \$100.00 for Commissions in 2B.

**COMMON EXCLUSIONS:** Any activity(ies) conducted by a non-profit organization in which unpaid volunteers conduct the activity(ies), the receipts go in their entirety to the organization. Also excluded are taxes collected, membership dues, voluntary or charitable contributions unrelated to specific services; any taxes collected as an agent for the United States of America, Commonwealth of Pennsylvania, or the City of Pittsburgh.

**COMMON DEDUCTIONS:** None

**COMMON CREDITS:** None

**CITY ORDINANCE #6 OF 1996 DETAILING EXEMPTION ON GROSS ANNUAL RECEIPTS** Who qualifies for the exemption? Every person or institution is entitled to **ONE** exemption from gross receipts. If you file more than one Institution and Service Privilege Tax return, you may take the exemption against **ONLY ONE** of those returns.

Enter the per ordinance exemption amount in the exemptions and exclusions column. Subtract this amount from gross revenue to obtain the taxable revenue. If taxable revenue is less than zero, then the tax due is zero.

**EXEMPTION OF \$20,000.00** for 1997 ISP tax return and each return thereafter, due in the current year.

**YOU MUST FILE AN INSTITUTION AND SERVICE PRIVILEGE TAX RETURN TO CLAIM EXEMPTION**

- Lines 3A-E Calculate net taxable revenue by subtracting Exemptions and Exclusions from Gross Revenue per business type. **Example:** Net Taxable Revenue for Services is 1A (\$500.00) minus 2A (\$50.00), which equals 3A (\$450.00). Net Taxable Revenue for Commissions is 1B minus 2B, which equals 3B (\$1,500.00). Follow the example and calculate 3C, 3D and 3E. Use the same procedure for all types of businesses for which you are responsible.
- Line 4 Calculate the tax due per revenue type for A through E by multiplying the tax due by the appropriate rate per revenue type (rates appear on page 1). **Example:** The net taxable revenue for 3A Services equals \$450.00 multiplied by 0.006 equals \$2.70. The net taxable revenue for 3B equals \$1,500.00 multiplied by 0.006 equals \$9.00. (In this example Rentals, Goods, Wares, & Merchandise and Other revenue equaled zero). (No City ordinance exemption was taken). If the City ordinance exemption was taken, the tax due would be zero.
- Line 5 Calculate the net tax due. Add the tax due per revenue type for A through E. For **example** the net tax due in the sum line 4 is \$11.70. (No City ordinance exemption was taken). If the City ordinance exemption was taken, the tax due would be zero.
- Lines 6-10 After completing lines 1 through 10, remit a check made payable to: **TREASURER, CITY OF PITTSBURGH** on or before the return due date indicated on the top of the first page. **Make sure your City Account Number is on the check or money order.** Payments made after the due date must include penalty and interest amounts (line 9). Make sure you sign and date the return. Failure to do so may cause a delay in processing.
